TURN ALL-ROUND
EFFICIENCY & PRODUCTIVITY
INTO ALL-ROUND GAINS.

Canon imageCLASS LBP214dw and LBP215x printers lead the way forward with unrivalled clarity and efficiency to help achieve your business vision. Top print quality meets remarkable productivity, with high print speeds, easy navigation and maintenance, all in a compact body.

LBP214dw

PROFESSIONAL EFFICIENCY

RELIABLY FAST SPEED

With impressive print speeds of up to 38ppm, carry out your printing needs promptly with a document printed and ready to present in 5.5 seconds or less.

MOBILE PRINTING MADE SIMPLE

Let mobile printing take your efficiency up to the next step. Print directly from your mobile devices using applications that best suit your needs, such as Canon PRINT Business, Apple® AirPrint® or even Google Cloud Print™.

SIMPLIFY YOUR WORKFLOW

The Print Template feature on the LBP215x allows you to store frequently-used form templates with predefined settings, and print with just a tap of the button.

PRINT CONFIDENTIAL DOCUMENTS SECURELY

Secure Print protects confidential documents from unauthorised access. With password-protected print release authentification, your documents are kept within the printer's memory until released with the password.

PRINT IN SMALL SIZES

The ability to print on small media such as A5 or A6 size offers versatility, in addition to huge gains in productivity.

HIGHER PRINT YIELDS

Opt for the high-capacity toner cartridges which deliver greater print yields of up to 9,200 pages. In effect, this results in less frequent toner replacements, allowing more time and resources for work.

ECO-SAVINGS

LOWER TOTAL CONSUMPTION

The built-in Duplex feature enables two-sided printing which reduces paper usage whilst increasing cost savings. The printer will go into Sleep Mode when left idle for a period of time, effectively reducing power consumption.

FRIENDLY MAINTENANCE

EASY UPKEEP

Maintenance is easy as Canon All-in-One toner cartridges integrate the photosensitive drum, cleaning unit and toner reservoir into a single cartridge. For hassle-free replacement, the auto toner seal removal mechanism frees you from having to remove the protective seal manually.

ONE-TOUCH EFFICIENCY

EASE WITHIN REACH

See details clearly, with the vari-angle 5-inch colour touchscreen LCD available on the LBP215x. Navigation is also much easier with the simple and intuitive user interface.
