Business *can* be simple

Fast Print Speed A4 | 40 ppm | A3 | 20 ppm

LBP8780x delivers your printed documents almost instantly with a quick First Print Out Time of 9.3 seconds or less. Boasting a print speed of 40ppm (A4) and 20ppm (A3), you are sure to get all documents you need the moment you need them. The 100% efficiency in duplex print mode also empowers you to print 20 double-sided pages in a minute.

High-Capacity Paper Handling

The standard 250-sheet cassette and 100-sheet multi-purpose tray, together with an optional 550-sheet cassette brings the total paper input capacity to a hefty 2,000 sheets, ready to handle any large volume print jobs.

—Optional 550-sheet cassette

Resource & Energy Saving

With built-in auto duplex printing engine, a low energy consumption of 1.1W in Deep Sleep Mode and an Energy Star Typical Electricity Consumption (TEC) rating of 2.2kWh/week, the LBP8780x helps you save time, paper and environment at the same time.

Direct Printing from USB

Increase document printing mobility via the USB memory port on the right side of the printer. Supported file formats include TIFF, JPEG, PDF and XPS.

Gigabit Ethernet Support

The LBP8780x is capable of fast network data transfer speeds of up to 1000Mbps/sec, and supports the IEEE802.11x and IPSec network protocols.

Security Features

Be assured of document confidentiality with the Secure Print function. With the optional 8GB Canon SD Card B-1, print jobs are released only when the user re-enters the password keyed in before the start of the print job. In addition, the Department ID Management allows the control and monitoring of device usage, which helps reduce costs.

Supports Multiple Print Languages

Canon UFR II technology utilizes Load Balancing Technology to speed up print job processing, reducing reliance on costly device memory upgrades. PCL5e/PCL6 and genuine Adobe PostScript 3 are also included as standard print languages, allowing the LBP8780x to be configured easily for different operating environments.

High-Resolution Quality That Shows

Canon's Automatic Image Refinement Technology further enhances the print resolution up to an equivalent of 1200 x 1200 dpi for sharp and professional quality, perfect for simple text documents to complex technical drawings.

Low Maintenance

Enjoy fuss-free and low maintenance operation with the All-In-One Cartridge 333. Higher capacity cartridge design allows for a longer period of operation before the next toner replacement.
