MONO UP TO **3,500** PAGES

COLOUR UP TO **2,500** PAGES

HIGH-YIELD CARTRIDGES

COMPACT AND FAST

With a first print out time of 10.5 seconds and print speed of up to 25ppm, it's high in performance while compact enough to fit neatly into tight space or countertop.

INCREASE PRODUCTIVITY

Efficiently scan two-sided originals with the Duplex Auto Document Feeder (DADF)*, which includes a Skip Blank Page feature and supports scanning of name cards with up to 209 g/m².

* Two-sided scanning is only applicable for MF667Cx.

EASY USABILITY

5 inch

The 5-inch Touch Screen LCD makes navigation seamless and intuitive. With Application Library, frequently used tasks can be streamlined into custom shortcuts for efficient workflow.

ROBUST SECURITY FOR A PEACE OF MIND

Built-in security features defend against unauthorised access and maintain the integrity of your information, protecting it from sniffing, spoofing, and tampering.

*1 Print speed is measured based on internal testing using A4/Letter size paper printed with 100% print ratio to original on one-sided paper. Internal testing involved continuously printing the same one page of content on plain paper. Print speed may vary depending on paper type, paper size or paper feeding direction.
*2 First print out time is measured based on internal test procedure and may vary. When the printer is in the ready state, this is the time from receiving the print instruction from the controller to printing one sheet and finishing paper ejection.
*3 Scan resolution 300 x 300 dpi.
*4 Based on ITU-T #1 Chart (standard mode).
*5 The latest drivers for Windows, Windows Server, Mac OS and Linux can be downloaded from the https://asia.canon/en/support website when available.
*6 Monthly Duty Cycle value provides a means of comparison for product robustness in relation to other Canon laser printer devices, and does not refer to actual maximum image output per month.
*7 Excluding toner cartridge.
*8 Toner cartridge yield is in accordance with ISO/IEC 19798.
