FUN IN EVERY PRINT

Capture incredible moments and express them through the thrill of a physical photo. Decorate, design and print moments on the go with the new SELPHY QX20. From journaling and arts & crafts to professional photography, the SELPHY QX20 lets you commemorate every moment, big or small, in sharp and vivid prints.

HIGH-QUALITY PRINTOUTS

DYE-SUBLIMATION TECHNOLOGY

Experience vibrant and fast photo printing quality! Using dye-sublimation technology, photos are printed at up to 256 shades per colour, eliminating graininess while ensuring natural-looking colour tones with high colour saturation, all in just approx. 40 seconds.

256
SHADES PER COLOUR

NEW

ENHANCED CLARITY

The new sharpness processing feature makes fine details like eyes and hair clearer.

TRUE-TO-LIFE COLOURS

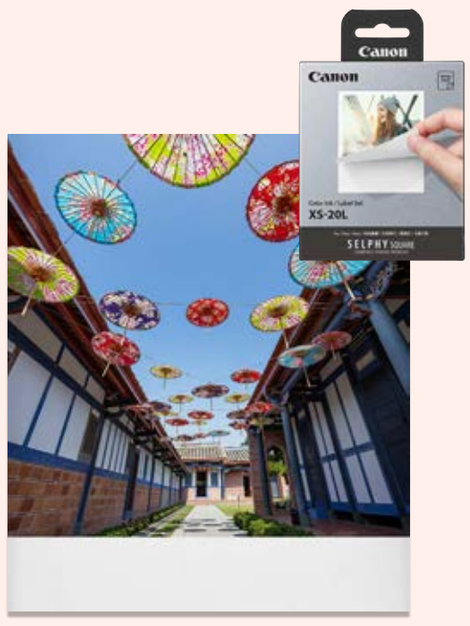
Vibrant shades like red and orange are replicated accurately.

BRIGHTER DARK AREAS

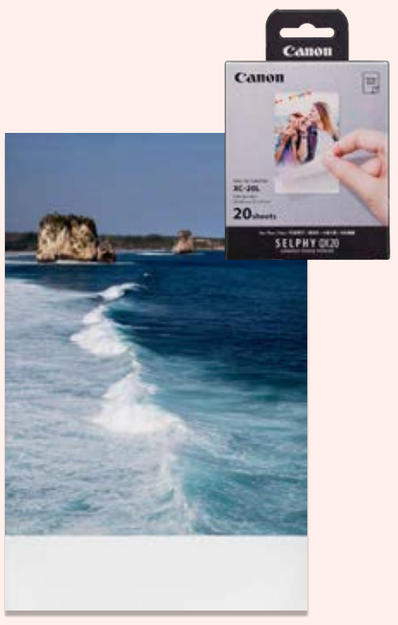
Capture more details even in shadows.

EXPANDED PRINTING FORMATS

The new XC-20L photo paper now lets you print in card size, alongside the existing square size (XS-20L) photo paper. The SELPHY QX20 is also able to do borderless printing on 3 sides for both sizes, giving you more creative freedom in your prints.



XS-20L
Square Size
72 x 85 mm



XC-20L
Card Size
54 x 85 mm

TRIM OFF the white strip to store in photo albums.

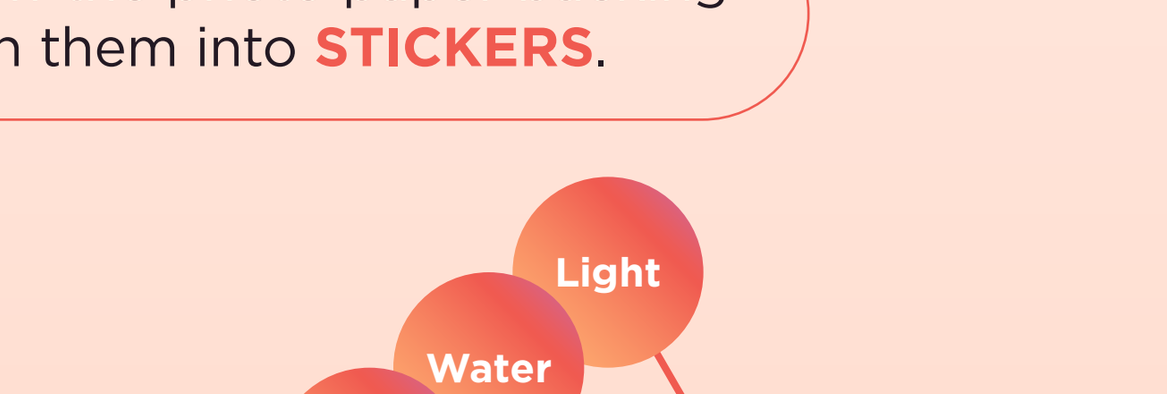
PERSONALISE your images with messages.

Peel off the photo paper backing to turn them into **STICKERS**.

PRINTS THAT LAST A LIFETIME

Each print from the SELPHY QX20 is finished with a glossy overcoat layer that protects against water, dust, oil and gas. Your prints will remain vivid in album storage for up to 100 years* without discolouring or fading.

**Album storability predicted value calculated based on Digital Colour Photo Printer Stability Evaluation (JEITA CP-3901) standard, in 23°C and 50% humidity.*



EFFORTLESS PORTABILITY

MADE FOR ADVENTURES

Compact and sleek in design, the SELPHY QX20 travels with you easily. With fast Wi-Fi connectivity, edit images on the SELPHY Photo Layout 4.0 app with your mobile phone and print them anytime, anywhere you are.

QUICK CHARGING

The built-in battery can be conveniently recharged via USB-C with a charger or powerbank*[1], and it takes approx. 80 minutes*[2] for a full charge.

*[1] *Output rating of DC 5.0V and 1.5A. The Canon USB Power Adapter PD-E1/PD-E2 is recommended.*

*[2] *When charging at room temperature using a device that can supply USB Type-C 5V 1.5A or more.*

SELPHY PHOTO LAYOUT 4.0 APP

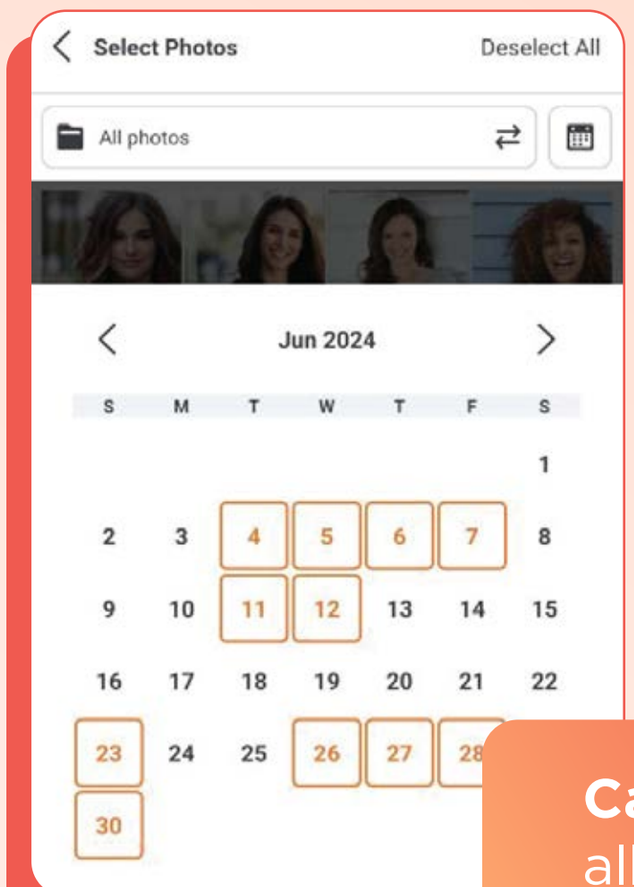
AVAILABLE ON IOS AND ANDROID

CREATE YOUR OWN STYLE

Edit your photos and lay them out conveniently all within your phone, with Canon's SELPHY Photo Layout 4.0 App.

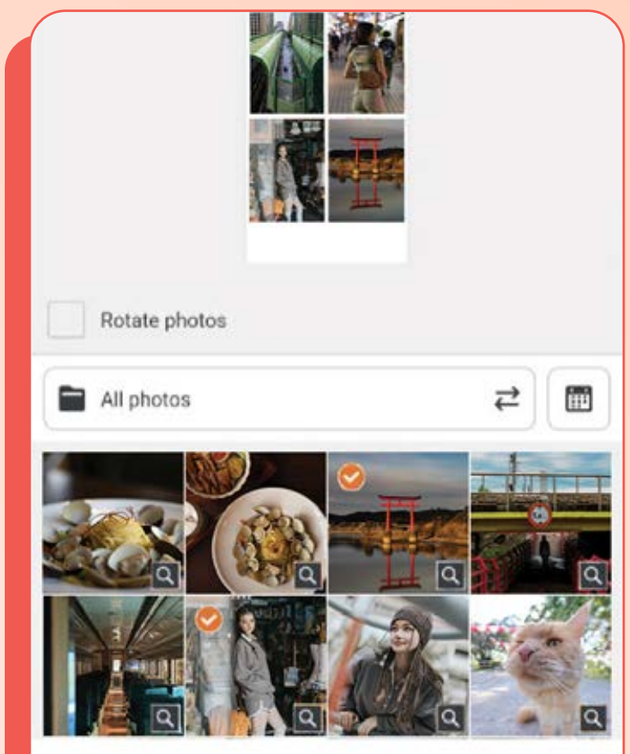
Choose from several templates to edit, create collages and personalise your photos with fun stamps, filters, text and more. From decorating your next big craft project or sharing great shots with others on the go, the applications are as endless as your creativity.

VIEW



Calendar view allows you to easily find photos by date.

LAY OUT



Arrange your collages in different layouts and orientations.

TRIM

Trim, move, scale, rotate & reverse your images to your liking.

DECORATE

Add filters, stamps, paint, text, and frames for a more personal touch.

FUSS-FREE SETUP

Designed to connect, print and share in just three steps. Pair your devices and print limitlessly—no setup is required from the second time onwards, and up to 6 devices can be connected to the SELPHY QX20 at once.

01

Download the **SELPHY Photo Layout 4.0 app** on your mobile device.

02

Launch the app & **select your SELPHY QX20**.

03

Open the **ink cassette cover** on your SELPHY QX20 and scan the QR code to pair.

SHARE IMAGES ONLINE

Save the images you edit within the app to your phone, and share them on social media or upload them to the cloud through Google Photos or image.canon. Images downloaded from albums in the cloud can be printed on other SELPHY printers.
